Thanks Angeles.

It would be helpful if we knew that YPT was seeking \$260K over 6 years to match the EPA superfund site-wide level of funding. I haven't heard that from them, so I am not in a position to forward that on to ARC. I also can't represent that all activities McGinnis & Associates billed to this funding source were appropriate and applicable going forward. We need to have that discussion without McGinnis in the room or driving that discussion.

Since we are at \$100K with opportunity to increase I don't see that we are that far off.

Greg,

Based on our conversation last night, it is clear that there is some confusion regarding the funding EPA awarded to the tribes. You are correct, the information below is what Ginny provided me and includes all the funding they received from us from various programs.

Previously, EPA provided you the attached email that summarizes just the Superfund grant funding provided to them to date.

As we discussed yesterday, we are available to clarify any information about EPA's funding to the Tribes.

Thanks,

Angeles

Angeles,

This is last I could locate from you on this. As you can see the attached spreadsheet includes all funding not just Anaconda oversight. Please let me know if there is additional previously sent.

Follow up email coming.

Subject: YPT Superfund funding breakdown

Angeles,

Please find the YPT Superfund funding breakdown we discussed at our meeting yesterday, 9/18/2017.

Thank you,
